IT'S A COMPANY!

The FACTS have been tested and the results are in. There is legal agreement that the GOVERNMENT is a COMPANY. What does this mean?

People from all walks of life and in Countries across the World are realising the Facts - They have NEVER given consent to be Governed.

Not only have they not consented but the Government is a Company no different to McDonald's.

The Government is a Company!

The Government departments are all registered private companies. There has never been a Government for 800 years. The people have never given consent to being governed. So what does this all mean? It means that the men and women acting for and on behalf of the 'Government' are committing fraud...and we have the facts to support it...

FACTS DON'T CHANGE

First and foremost...

Who is BDW?

BDW is Baron David Ward. He created his Affidavit and published it so that it's on the public record for all to use. He explains how it all came about...

People have asked me why I ever started. What was it that started me going?

There were many reasons. But if I had to point out one decisive point it was HMR&C. HMR&C sent me a Tax return for £7K. Which was nice when £7K Just pops into your Bank account but all it said in the listing as to where it came from was "SA".

"I will be honest back in 2009 I knew nothing and I crapped myself."

It took me a while to work out that the "SA" was self assessment and this £7K came from the Tax office HMR&C. So you pay some bills and sort out some credit cards. Then HMR&C want the £7K Back again blaming me for an inexactness in my Tax return. I will be honest back in 2009 I knew nothing and I crapped myself. If I don't find this £7K I am going to Jail. I have 7 days to refund the HMR&C. You can bet your sweet life there was some correspondence between me and HMR&C.

I was most perturbed. SO my first response was to note the distress this has caused and they had better show me what the problem was.

Taxed to Death

At first this might sound funny... But when you read and stop and think, really think about it, you can realise the awful truth of it.

Tax his land, Tax his bed,
Tax the table
At which he's fed.
Tax his work, Tax his pay,
He works for peanuts
Anyway!
Tax his cow, Tax his goat,
Tax his pants, Tax his coat.
Tax his tobacco, Tax his drink,
Tax him if he
Tries to think.
Tax his car, Tax his gas,
Find other ways
To tax his ass.
Tax all he has
Then let him know
That you won't be done
Till he has no dough.
When he screams and hollers;
Then tax him some more,
Tax him till
He's good and sore.
Then tax his coffin, Tax his grave,
Tax the sod in
Which he's laid.
When he's gone, Do not relax,
It's time to apply
The inheritance tax.
Accounts Receivable Tax
Airline surcharge tax
Airline Fuel Tax
Airport Maintenance Tax
Building Permit Tax
Cigarette Tax
Cooking Tax

There's no such thing as LAW!

It is now confirmed Formally, on and for the Record as of this Day the 20th Day of March 2015 Agreed by the State and the Crown By way of un-rebutted Affidavit and statement of Fact and that there is a lasting tacit and binding agreement through Acquiescence and Royal Assent by Default.

That there has never been any such thing as LAW. But only the presumption of law, where a presumption is nothing of material substance and any presumption can be dismissed by a formal challenge

"Special thank you to Lisa, Scott and Darren for the Mp Lien group on fb. It may only have been a 6-week process to get liens out to the mp's but it is so much more than that, it's a life long process now as 'once you know you know', no turning back.

It's not just the 'hand-holding' at the beginning, the push we needed, the continual support and info you pick up on every zoom call, it is the confidence it has given us to take it further, to truly learn the power of the Affidavit and our own authority, to lose the fear and to educate others. Truly grateful to you all." - Amanda O.

There is no greater Sanctuary than the human home, be this home a castle or a wood hut or a blanket on the ground.

From this day forward as of the 20th Day of March 2015 let it be known that any transgression of this sanctuary other than by invitation, that any transgression of this Sanctuary is a recognised Act of War and aggression. We have the right by the very fact that we live to protect our life and the life of our loved ones.

Any transgression of this Sanctuary can be met with equal or great force with impunity.

This is the long standing law and traditions of this land. So say we all.
